CHRISTMAS GIFT IDEAS

My First Pets

Delight and inspire the next generation of pet lovers.

SAVE **15%** INTRODUCTORY OFFER

Hermit crabs make fantastic first pets. We've got 4 tribes to choose from and have made it super easy to give them the best care with the Krabooz Carez app.

Kids spending too much time on their screens? This is one telly that won't make their eyes go square. A fun, interactive tank with themed decor and multicoloured lighting. Fantastic!

Stick insects make fascinating friends. They're a super low maintenance pet that provides hours of entertainment. Watch how these sticky friends explore their personal jungle in your very own insect pod.

PERTH SUMMER GARDEN ESSENTIAL CARE

WETTING AGENTS

Applying a wetting agent helps water soak deep into the soil, reaching the roots of your plants and lawn. It boosts the soil's ability to hold nutrients and improves your lawn and plant's drought tolerance, keeping them strong through Perth's hot summer days.

Liquids work fast and are easy to apply. Granules are best mixed with the soil for garden beds and pre-lawn installation.

MULCH

Applying a thick layer of mulch blocks the sunlight and reduces evaporation and soil temperatures giving your plants a fighting chance when the sun is at it's hottest.

Baileys Grosorb is a professional soil wetter that can last for up to 6 months when applied at the higher application rates.

2L RTU \$32.50

10L \$38.50

Richgro Ezi-Wet is an aquatic friendly wetting agent for use on pots, lawns, gardens and edibles.

2L RTU \$13.00

10KG \$20.00

Dsatco mulches are ideal for roses, flowering annuals, vegetable gardens and fruit trees because they add nutrients to the soil as they break down.

Ask about our Lupin mulch members price

LUPIN 45L \$17.00

TRIPLE C 100L \$29.95

Richgro Water Saving Mulch is an organic based mulch that will help cool soil, reduce evaporation & save water in garden beds & vegetable gardens.

SAVE 10% WHEN YOU BUY TWO BAGS OF 20KG+ BIRD OR POULTRY FOOD

CARING FOR THE GIRLS IN SUMMER

Caring for your laying hens in summer requires extra attention to keep them comfortable and healthy. High temperatures can be stressful, so ensure they have plenty of shade, space, and continuous access to clean, cool water. Feed intake often drops on hot days, so providing a well-balanced feed helps meet their nutritional needs. A little "midnight snack" may encourage more eating, and adding Vitamin C to their water can help them cope with the heat. For a cooling treat, try adding frozen watermelon to their water bowls!
